# THE WESTERN REVIEW

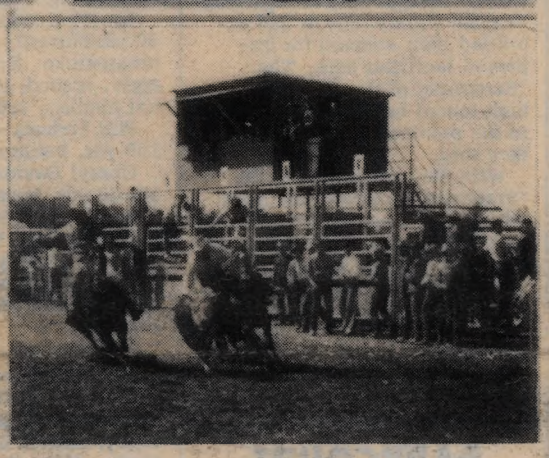

DRAYTON VALLEY, ALBERTA
WEDNESDAY, AUGUST 20, 1969

These scenes show that there was plenty of western action to keep spectators interested at Drayton Valley's first annual Evergreen Rodeo.

# FIRST EVERGREEN RODEO PROVES BIG SUCCESS

Sunny skies greeted Drayton Valley Friday morning for the opening events of the first annual Evergreen Rodeo that proved to be a highly successful two-day show.

A pancake breakfast by the Rotary Club on Block's parking lot got the celebration underway.

In mid-morning a large, and much appreciated parade, wound its way through the downtown area. The parade drew many favorable comments from spectators who lined the route.

Rodeo events went off smoothly with the good weather Friday afternoon. Ominous signs appeared however during the late evening when strong winds rose during the final parts of the grandstand performance.

Rain fell overnight but clearing skies held promise for Saturday. The pancake breakfast, sponsored by the Elks Club, was moved into the hall, and was again well attended.

Midway through the rodeo events of Saturday afternoon a heavy shower occured but the weather cleared for the remaining events of the evening.

Rodeo spectators were treated to aeorbatics by John Bootsma and Mac McCullagh during intermission on both days. A western supper by the Elks Lodge was also an afternoon feature of the two rodeo days.

A highly successful inovation was the provision of bus service from the Centennial Arena to the West Valley Park. The buses were well patronized by rodeo

# LOCAL SWIMMERS ADVANCE TO PROV. FINALS

Twenty two swimmers from the Drayton Valley Neptune Club attended the Regional Finals at the University Pool last weekend and all qualified for the Provincial Finals to be held later this month.

Fourteen clubs from Central Alberta competed and included St. Albert, Camrose, Hanna; Devon, Hinton, Ft. Saskatchewan, Ponoka, Olds, Wetaskiwin, Coronation, Lloydminster, Edson, Vegreville and Drayton Valley.

Saturday the clubs swam in eliminations with the six top swimmers from each event advancing to the finals on Sunday. All the Neptune swimmers swam again on Sunday.

The swimmers placing first and second in each event will go on to the provincial meet to be held on August 30th and 31st, in either Calgary or Red Deer. The 3rd place swimmers go as an alternate swimmer.

Twenty two swimmers will go from the Neptune Club with 10 first places and 12 seconds. St.

# Berrymoor Boy Jr. Award Winner

Sixteen year old Dennis Haight of Berrymoor has been named one of the Alberta Junior Citizens for 1969 according to an announcement this week by Calgary Power Ltd., sponsors of the annual event.

Dennis, the son of Mr. and Mrs. Ira Haight, suffered back injuries last November while sliding on a straw pile and has been paralyzed since. He has accepted his misfortune with courage, and although confined to hospital since the accident, is continuing with his school work with the intention of attending university.

The awards will be presented by Lt. Governor Grant MacEwan at the Alberta Weekly Newspapers Association Convention at the MacDonald Hotel in Edmonton on Friday, September 12th. Arrangements are being made to make it possible for Dennis to attend.

Dennis is able to get out of the hospital in a wheelchair on weekends and is to be moved shortly from the Glenrose to the Crippled Children's Hospital where better facilities are available to assist him in completing his high school course.

# School Committee, Council Settle Classroom Situation

Portable classrooms for Drayton Valley schools touched off a talk-session between Town Council and County of Parkland School Committee last week.

At last Thursday's 7:00 a.m. Council meeting, Mayor Shimbashi reported on meeting with representatives of the school committee who indicated that Drayton Valley had thrown away its chance for a new high school by failing to support the plebiscite for a new school in Evansburg.

Dr. Shimbashi also stated that he was informed at the same time that the "Statement of Need" for a new high school in Drayton Valley had not yet been submitted to the provincial government.

In the light of Mayor Shimbashi's report, a request on the Council agenda for permission to locate portable classrooms in the town caused some concern to Council members and considerable discussion.

It was agreed that additional classroom space was required for the coming term and it was decided to permit the entry of the portables. However, in view of Dr. Shimbashi's report, it was felt that the school situation would soon have to be brought to a head and a time limit of one week following the end of the school term was applied to the portable permit.

The information was relayed to County of Parkland officials who requested a noon meeting with the Town Council the same day.

At the meeting in the Cardium Room the County representatives expressed surprize when the information given to Dr. Shimbashi was described. The committee members who had spoken to Mayor Shimbashi were not present at the meeting.

County representatives reviewed their activities regarding Drayton Valley schools and expressed their concern for improved facilities here. The "Statement of Need" for a new high school has been submitted to the provincial government, they said.

With the assurance that the "Statement of Need" had been submitted, Town Council agreed to rescind the motion concerning the portable time limit.

Two new self-contained portables were being set-up at the Elementary School this week, and one from the Elementary School moved to the Junior High to provide extra space there.

goers who avoided parking problems at the grounds.

Pony chariot races were featured during the evening performances as were shows by Bev Munroe and Lil Ross. Other members of Mrs. Ross's group were Jeanette Miner, Dot Booker, May O'Rourke and Jeanette Vatter.

A fireworks display Saturday evening ended activities at the grounds. However, successful western dances were held both evenings at the Curling Rink.

A highlight of the Saturday evening grandstand show was the crowning of Miss Laura Leake as Rodeo Queen for 1969. She was sponsored by the Drayton Valley Rotary Club.

Other queen candidates were Cindy Vowk, sponsored by the Elks Lodge; Sandra Guze, sponsored by the Lions Club; and Terry Cable sponsored by the Canadian Legion.

# Much Information Gleaned From Storm Born Over Drayton Valley

August 4th, 1969 will go down in history as an important date for the Alberta Hail Studies Project, and it will also be long remembered by Edmontonians as the day when the most severe hailstorm in the memory of many citizens struck the city.

On each of the three previous evenings severe thunderstorms, some with hail, occurred in the Edmonton area. On August 4th, several storms were again detected on the weather radar building up to the southwest of the city. By 5:30 p.m. the clouds had consolidated into two huge storms, one centered south of Stony Plain and the other over Drayton Valley. Both these storms reached record heights of about 50,000 feet, and showed up on the radar as extremely intense echoes.

The first storm hit the southwest part of the City just before 7:00 p.m. and had a large rotating vortex in the base of the cloud. This spawned a funnel cloud which touched down as a tornado at several points to the south of the City and in the Sherwood Park area. At one such place, in Whitemud Creek, many large trees with trunks up to two feet in diameter were twisted and snapped right off.

This storm produced some of the largest hail ever observed in Alberta with stones larger than golfballs being reported in a six mile wide and forty mile long swath from near Thorsby across south Edmonton to northeast of Sherwood Park. In Edmonton extensive damage was inflicted on gardens, many windows were broken, and aluminum sidings and roofing shingles were also badly damaged in places. Thousands of cars had their bodies dented, and several hundred windshields were broken.

Meanwhile the second storm was also producing very large hail in the Drayton Valley area, and a tornado was reported near Breton destroying small farm buildings. Both of these storms caused severe damage to thousands of acres of crops in the area around Edmonton and southwest to Drayton Valley.

The Edmonton storm gave the Alberta Hail Studies Project a once-in-a-lifetime opportunity to study hailfall on a scale never accomplished before. A request for hail samples brought a magnificient response from Edmontonians and farmers in the surrounding country. It took four days with five vehicles to pick up all the excellent samples. A total of 294 were collected. Many large stones between two and three inches across were collected. Stones ranged in shape from round to egg-shaped, some even conical, pin wheel or even doughnut shaped. Many stones had knobs or even spikes on them while others were perfectly smooth. The structure varied from clear ice to milky ice, with the alternating onion-like ring structure also showing up in many stones.

It will take all winter to analyze and classify the size, shape and structure of these stones. They will then be related to the structure of the storm as recorded by the weather radar, and all the many observations made of the cloud, wind and tornado behavior. Such a unique detailed case study of this storm will make a substantial contribution to the scientific understanding of hailstorms.

# Wisconsin Students Visit Tomahawk Beef Club

Last weekend the county had exchange 4-H students from Wisconsin staying at some of the homes. There were nine Wisconsin students who stayed in the Tomahawk area.

They came Saturday afternoon and had to leave Monday morning. On Saturday the Tomahawk Beef Club showed films and slides of the Miette trip and previous 4-H achievement days.

The club enjoyed the short visit from our U.S. neighbors.

On Sunday afternoon the club went to tour the Wabamun Power Plant and following this went on to Kapasawin Beach, and in the evening went to a banquet in Spruce Grove.

# Recreation Ramblings

By SYD MOORE

It's been rather a busy summer for most youngsters in our County. We know that most youngsters involved were able to learn many new skills. The swim program had a few set-backs however, especially the learner pool located in Entwistle. This, of course, caused some cancellations due to holidays or other plans which families had made for August. At the same time many new registrations were received when it became obvious that the pool would actually become a reality. The new pool is a very interesting project and to date is proving to be very efficient and functional facility. Although it is very busy teaching swimmers how to swim, I am sure that a visit to the pool and a cool dip could be arranged by our pool supervisor.

Another new project which we have experimented with this summer, is our tourist welcome service which we have located at the Highway Camp grounds at Spruce Grove. The object of the program is to provide the travelling public with information concerning the parks and sights of the County, as well as the business outlets that can serve the traveller and make his stay here pleasant and secure. They also pass on to the traveller from outside our Province, Country or even County, the cultural aspects and attitudes of the people who live here. Evening programs including weiner roasts, camp fires, films, folk singing groups have been run; with resounding response. For the quick stop-over traveller, the hostesses have provided activities for youngsters which allow them to work off some of their energy before continuing on. Car games, car crafts, song books have been provided to make the travelling more enjoyable.

A trailer located at the site provides us with a shelter and storage space. The trailer was provided by the Department of Indian Affairs and we wish to take every opportunity to thank them for their generosity.

The joint Chamber of Commerce from Spruce Grove and Stony Plain, and especially the assistance of Doug Laurie and Jerry Harlton have been most helpful. We are very fortunate in this project to have had the co-sponsorship of the Chambers.

The response of the traveller has been most encouraging. Many who would normally have travelled right on through have stayed the night. Many have offered to pay for the service. Many have investigated in detail, the methods used and the philosophy encompassed in the project with the hope if initiating a similar kind of service in their own Province or County.

We are planning to do a special article on the Travel Hostess Program, watch for it.

How did those six Sioux get on our beer label? (Six? Count 'em. Six.) To say nothing of three crows. And a Hupmobile. And twenty-nine trees. And our House of Lethbridge. How? Frankly, we don't remember. It all happened many moons ago. But one thing's certain: we'll never change our label. Or the great beer behind it. In Lethbridge, we go right on brewing it the slow, natural way, for real flavour. We have spoken.

SCHOOL BUS
COMMITTEE REPORT

# Parkland Summer Notebook

The Day Camps have only the overnight programs left to go. All the playgrounds will be involved with two playgrounds attending at once. Each playground will come in at about 10:00 a.m. on the morning they are scheduled and will stay until the following morning.

The setting up of camp, the building of shelters, the building of camp fires, and the like will all be left to the responsibility of the children. The leaders will be circulating among the children acting as advisors and helpmates in the time of need. Most of the playgrounds have already had practice at building campfires and shelters so now they will have a chance to make practical use of their knowledge.

The children should bring any camping equipment they may have. Each child will have to supply his own sleeping bag or whatever sleeping arrangements they have. The plastic for shelters will be supplied by the Department as well as the supper meal and the pancake breakfast in the following morning. The children should bring their lunch for the noon meal as they have done for previous Day Camps. The leaders are all planning an interesting program for the day and the evening campfire will include such things as sing-songs and skits.

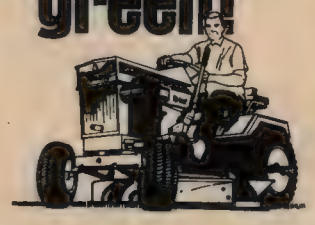

We would like to encourage as many parents as possible to attend along with their children. This will give the program added significance to the children and will give the parents a chance to work alongside their children. With the support of the communities this program will supply the children with new experiences and an exciting evening of camping which will be remembered well into next year, especially by the leaders.

## HOCKEY CAMP STARTS MONDAY

All is set for the Drayton Valley Summer Hockey Camp starting on Monday, August 25th at the Centennial Civic Centre. The camp will officially open with the first orientation session at 2:00 p.m. on Monday. This first session is meant to have all candidates try out the various drills that will be used during the course of the week's instruction. It also will give all camp members an opportunity to familiarize themselves with the regulations and rules of conduct governing the week long instruction sessions. This first camp session on Monday will have a large number of players, fifty or more, per group, however, after this each group will consist of approximately 30 boys.

For the purpose of offering maximum opportunity to every member of the camp concentrated efforts are being made to grade the candidates and assign each to a group best suited to their age, size and ability. All registered candidates have received a letter assigning them to a particular group for the duration of the camp. It may be necessary, however, to make some changes in grouping after the opening session. A surge of late comers to the camp could also call for regrouping as it may be necessary to form an additional group to accommodate all candidates.

Players will be required to furnish all their own equipment, uniforms, helmets and sticks. Goalkeepers equipment will be furnished by the Drayton Valley Athletic Association as far as their present stock of equipment goes, however, no special purchases will be made to accommodate camp candidates who may require any goal equipment. Hockey sticks will be available at the local stores. Tape and skate laces will be made available at the Civic Centre at certain times during the day.

Presently a total of 101 boys are signed and sealed for the camp and it is estimated that the final total will reach 120 at the rate late registrations are coming in. Registrations will be open until Monday noon, August 25th, providing that a maximum number of candidates have not been registered before that time. If you want to attend this hockey camp and it will be one of the best, offering maximum opportunity for one and all, do not delay too long. There is always a chance that late comers could be disappointed. At this late date if a maximum number of candidates is reached we will have to cut the registration at that point because it would be impossible to obtain instructors to handle a larger school at such short notice. We sincerely hope that we will not have to turn anyone away from our camp. This is a great opportunity for our young hockey players and we want every one possible to take advantage of it.

## FOOTBALL INDEFINITE

Prospects for a Minor Football program in Drayton Valley are not bright at the moment. Interest in Minor Football has waned over the past few years until it has come to a time when it is questionable as to whether the program should carry on or not.

The game will be played at the High School level this fall. It looks quite likely that the sport will be played at the Bantam level as we certainly will not have any entry in the City of Edmonton Husky A.A. Bantam Football League this year. And the Little Canadian division will depend on the interest displayed in the next couple of weeks both at the players level and the general public as far as coaching and supporting such a program is concerned.

Canadian football is a good game at all levels and offers an activity for the autumn months to boys from ten years up. On the other hand, however, it is not a program that can be efficiently handled by two, three or four persons. Interest in the game at the adult level is required if the program is to go on. I would be interested in hearing any and all views on the matter at this time. If you would like to see a Minor Football program in progress this fall get in touch with the Recreation Office and let your views be known.

## FIVE MILE RACE ... A GOOD ONE

The first Evergreen Rodeo turned out to be a good success in every respect despite the inclement weather on Saturday. The rodeo events furnished a good deal of excitement and thrills for the spectators and the aerobatics display each day added immensely to the show. Saturday morning featured the foot races both Junior and Open. Bert Duperron won the junior race while in the open competition, Dave Maclure came first over the five mile route. Both were fine races run with good times with all competitors in both divisions finishing the course.

# MAGNOLIA NEWS

We hope Mrs. Leo Saretsky will soon be out of hospital and feeling much better. She is in the General Hospital in Edmonton. Bob and Cathy Saretsky and their son Michael were recent visitors ar the Saretsky home.

The recent wet weather and local illnesses has not helped the playground attendance but the children are looking forward to better weather so that they may attend again.

Miss Misty Roth, who is already nine months old, will be staying with grandparents, Al and Alma for the next two weeks. According to her very devoted grand-dad, she is an exceptionally good wee lady.

Mr. Edward Berger of Kingman, Alberta, Mrs. Arno Johnson's brother, spent the past week at the Johnson home.

Mr. and Mrs. Johnson with their family motored to Fort Assinaboine to attend the rodeo during Saturday and Sunday, August 9th and 10th. They camped out and enjoyed both the camping and the rodeo.

Mr. and Mrs. Sutherland and family enjoyed a weekend visit from Mr. and Mrs. Harry Iverson of Meota, Saskatchewan. These folks are Mrs. Sutherland's parents.

Al and Alma Roth welcomed Mrs. Beryl Clarridge of Brampton, Ontario for a visit of about 2 weeks. Mrs. Clarridge is a sister to Alma and used to live in this area years ago. She will be visiting other relations before returning home. May we also say "welcome".

Cecil and Marie June, Maxine June and Laverne June, and Glynne Roth motored to Chetwynd, B.C. to attend the wedding of Yvonne Deziel. Yvonne is a niece of Maries. Maxine was a bridesmaid for her cousin and Glynne was best man.

Bob and Nora McCracken accompanied Pat and Terry Brydges on a four day trip to Kamloops, B.C., while there they visited relations and report a pleasant short holiday. They tell me the travelling time is shortened considerably now that the Yellowhead road is useable.

The County of Parkland is busy this week gravelling the road north of Magnolia. The gravel should help eliminate the impassible mud found on this road.

Mrs. Freda Baxter of Angus, Ontario is a welcome visitor in this area. She spent her childhood here and has come west to visit her brothers, sister, neices and nephews. She plans to stay for 2 weeks.

Shannon Campbell of Magnolia who represents Seba Beach High School at the United Nations seminar at Banff was among the group of young people who completely filled a Greyhound bus. They left the Edmonton bus depot on August 10th at 9 o'clock in the morning. They will return Sunday, August 17th. These young folks were very neat, somewhat excited and all looked very sure of themselves.

Weekend guests with Ray and Della Storms were Pat and Ernie Staples of Drayton Valley, Phil and Shirley Storms and family, Joan and Garry Morton and family. The Morton family will be spending a short holiday with the Storms.

Henry Sawatsky who recently won a trip to appear on the Royalite Wind-fall show has made the trip and is safely home again. He did not win a major prize but thoroughly enjoyed it.

Miss Irma Sawatsky is holidaying on Vancouver Island. She will return home before the end of August in time for school. We hope you have a wonderful time: Irma.

Recent guests with the M. Chechotko family included Mr. and Mrs. Chetsko; Rene; Rob and George Assaf; Betty and Bob Assaf; Mrs. Checkotko Sr.; Stella, Grant and Doug MacDougall; Cliff, Celia and Wendy MacDougall. It has been a very interesting time.

Debbie Chechotko spent a week visiting at Hinton.

## LETTER TO EDITOR

Dear Editor:

I wish to express my sincere thanks to all my friends and relations, acquaintances, the Legion and Elks Clubs and other organizations for their kindness and consideration shown me. To the doctors, The Medical Centre and Drayton Valley Hospital and staff, I extend my gratitude for their care and attention.

It is this thoughtfulness and concern which makes life worth living and Drayton Valley and district a wonderful place to live.

Thank you, one and all
Sincerely,
Old George.

## CYNTHIA

Going through some old boxes, disposing of odds and ends, I found my husband's old dogtags. Our little girl wanted to wear them, so I let her after telling her what they were. Later she was telling a playmate about them. "These were my daddy's," I heard her explain, "he used to wear them when he was a dog."

The left side of a ship isn't called the port side because it is the side nearest port. It is so called because the red lantern displayed on that side was once the color of port wine which, in turn took its name from Oporto, Portugal, the place where it was first made.

## THANK YOU

On behalf of mother, Mrs. G.M. Rathje, we wish to express our sincere thanks to our friends in Evansburg and area for their assistance and other considerations in the recent explosion.
